Dear Customer,

Regarding your product WMF Milk System Cleaner for AutoClean you can download the below information via the link above:

1. Safety data sheets in all available languages

Open the above link or scan the QR code.

Go to the field: Language. A dropdown box will open with all available languages and country codes. Select the language with the corresponding country code.

Now go to the button: Type. Select "msds" for the document safety data sheet. Then press the blue button: Download

The safety data sheet will now be displayed as a pdf file, which you can send or print out.

The data reflects the latest available status. For further questions, please do not hesitate to call us.
